

DT SMB Energy Pendant

The DT SMB Energy Pendant is made from natural minerals fused together under intense 1,200 °C–1,500 °C heat with scalar, magnetic, and bio energy. It encompasses the physical, emotional, mental, and spiritual elements of life.

It is not like any other energy pendant—it is a masterpiece. It has been extensively tested and is one of the most effective and natural pain management systems in the world today.

The DT SMB Energy Pendant is designed to help the body expand its aura to increase inner harmony. By using its subtle energy, you can naturally fight off disease and illness.

Product Details

Front Side of DT SMB Pendant

Back Side of DT SMB Pendant

Hexagonal Structure:
The mysterious hexagon design draws in energy. All live water sources, such as snowflakes, ice, and micro-cluster water, have hexagonal structures.

S Scalar: This energy helps with your biological activity
M Magnetic: Applies magnetic fields to the body for therapeutic purposes
B Bio: Made of 17 kinds of minerals, SP-BIO is a patented mineral powder

How It Works

Wear the DT SMB Energy Pendant on a chain or carry it in your pocket. The scalar, magnetic, and bio energy work both outside and inside the body. Outside, the energy can enhance your bio-field. Inside, it works to facilitate cell permeability which enhances your physiological functions.

Most people feel an instant boost of energy after wearing the DT SMB Energy Pendant. Others experience more gradual improvement in their energy levels over a period of time. Users can feel an increase in stamina and endurance. The pendant helps relieve pain, aches, and various discomfort (such as joint pain, headaches, stomach aches, etc.). For the best results, we recommend wearing the pendant for a minimum of 4 consecutive days—at least 8 hours each day.

See For Yourself

Place an ice cube on top of the DT SMB Energy Pendant and another on a plate. The ice cube on top of the pendant will melt more quickly than the one on the plate even though the temperature of the pendant remains cold. This is because the pendant is able to activate the molecules in the ice.

Ways To Use It

- The DT SMB Energy Pendant can improve your metabolism and blood circulation which can relieve eye puffiness and discomfort. Simply place the pendant over your closed eyes to alleviate symptoms.
- Students who wear the DT SMB Energy Pendant can improve their mental focus and operate better in class. Athletes can achieve better performance with enhanced flexibility and more concentration.
- To help increase energy levels, relieve stomach discomfort, and reduce bloating, place the DT SMB Energy Pendant over your waist or abdomen.
- The DT SMB Energy Pendant promotes better balance and stability—excellent for the elderly or any relatives whose health you care about.
- For better absorption during your skin care routine, place the DT SMB Energy Pendant under your product bottles to help break down the molecules of the ingredients.
- Keep a pendant in your fridge. Tests have shown that leaving the DT SMB Energy Pendant in your refrigerator can keep fruits and vegetables fresh longer.
- A DT SMB Energy Pendant placed at each of the four corners of your bed can create energy fields which will help to revitalize you while resting. You'll sleep better and wake up feeling refreshed.
- Place the DT SMB Energy Pendant inside your aquarium to keep your fish healthy and energetic. It will also make their colors more vibrant.
